BESPOKE COLORS

For your large-scale projects, check out our wide range of colors, finishes and glosses. Contact us for details about minimum quantities and delivery times.

On request: all RAL colors, anodized colors (silver, gold, etc.), finishes in several wood species, glossy colors, and so on.

Create a personalized mood with a wood finish

Bring a warm, natural touch to your spaces with our wood finishes, while maintaining all the benefits of a metal product (lightweight, hard-wearing and easy to clean).

Contact us for details about the many species available and the minimum quantities.

The actual product colors may vary slightly from this color chart, despite the care taken during printing.
